  - **Welcome pickups**: for booking and more information please visit their [website](#).
- **by bus**: from Malta International Airport to Valletta city center, every 20-30 minutes for information please check the official [website](#);

## Getting around the city

---

### On foot

Discovering the city on foot is very easy. The city is pretty small, so it doesn't take long to go from one side to the other. This is also the best way to explore the city!

### By bus

Buses cover the city and also the entire island and they are probably the best way to move around the country.

In Valletta all buses start and finish their route at the Main Terminus just outside the City Gate.

A single ride costs 1.50 or 2€ depending on the period of the year while a weekly pass is 21€.

All information are available in the official [website](#).
